

HIRING

<epam>

(REMOTE OR OFFICE) LEAD.NET DEVELOPER

Striving for excellence is in our DNA. Since 1993, we have been helping the world's leading companies imagine, design, engineer, and deliver software and digital experiences that change the world. We are more than just specialists; we are experts.

EPAM is committed to providing our global team of 36,700+ EPAMers with inspiring careers from day one. EPAMers lead with passion and honesty and think creatively. Our people are the source of our success and we value collaboration, try to always understand our customers' business, and strive for the highest standards of excellence. In today's new market conditions, [we continue to support operations for hundreds of clients](#) around the world remotely, with the vast majority of our teams working from home. No matter where you are located, you will join a dedicated, diverse community that will help you discover your fullest potential.

No less important is the safety, well-being, and experience of our applicants. Therefore, until further notice, all EPAM employment interviews will be conducted remotely. Our recruitment professionals and hiring managers are standing by to ensure a robust and engaging virtual candidate experience. We look forward to speaking with you!

JOB DESCRIPTION

We are looking for a **Lead .NET Developer** to join our team in Budapest.

REQUIREMENTS

- Expert knowledge of and at least 7 years of experience in .NET development using C#
- Experience in system design and architecture
- Experience with relational databases, MS SQL

- Good understanding of computer science fundamentals, clean code, programming principles, and design patterns
- Good understanding of the SDLC processes and tools (e.g. code reviews, distributed version control, testing)
- Good English communication skills (B2 overall language level)

NICE TO HAVE

- Experience with CI/CD, DevOps, and related tools (e.g. TeamCity, Octopus Deploy, Jenkins)
- Experience in front-end development (HTML, CSS, JavaScript, TypeScript) and frameworks (e.g. Vanilla JS, Angular, Node)
- Experience with cloud providers (e.g. Azure, AWS)
- Experience working in an agile development environment (like Scrum or Kanban, with tools like JIRA or Trello)

WE OFFER

- Permanent job with remote work opportunity
- Widespread training and development opportunities, language courses, soft-skill trainings
- Vast opportunities for self-development, unlimited access to LinkedIn Learning, GAL trainings
- Multilingual work environment
- Competitive salary and benefit packages (private health care, sportcard, fringe benefits)
- International projects, working in hybrid teams with high-skilled peers
- Sport and social teams support, advanced CSR programs
