

# HIRING

## (REMOTE OR OFFICE) IT BUSINESS ANALYST

Striving for excellence is in our DNA. Since 1993, we have been helping the world's leading companies imagine, design, engineer, and deliver software and digital experiences that change the world. We are more than just specialists; we are experts.

EPAM is committed to providing our global team of 36,700+ EPAMers with inspiring careers from day one. EPAMers lead with passion and honesty and think creatively. Our people are the source of our success and we value collaboration, try to always understand our customers' business, and strive for the highest standards of excellence. In today's new market conditions, [we continue to support operations for hundreds of clients](#) around the world remotely, with the vast majority of our teams working from home. No matter where you are located, you will join a dedicated, diverse community that will help you discover your fullest potential.

**No less important is the safety, well-being, and experience of our applicants. Therefore, until further notice, all EPAM employment interviews will be conducted remotely. Our recruitment professionals and hiring managers are standing by to ensure a robust and engaging virtual candidate experience. We look forward to speaking with you!**

### JOB DESCRIPTION

We are looking for a IT Business Analyst to join our team in Szeged.

### RESPONSIBILITIES

- Design and prepare customer reports, dashboards and analyses; create prototypes; turn models into results
- Analyze, validate and visualize business data, create value-added solutions

- Analyze business questions and deliver business answers; translate technical data findings for non-technical teams and vice versa
- Become a visualization expert to empower the clients understanding of their data
- Provide insights and recommendations for clients based on the analysis
- Communicate with customers on a daily basis, fill the role of a consultant
- Participate in internal knowledge-sharing forum

## REQUIREMENTS

- Bachelor's/Master's Degree in Information technology or Economics, or a strong IT attitude
- Work experience in an international enterprise size/servicing company
- At least 3 years of relevant professional experience (IT project experience is a must)
- Excellent communication skills, ability to work closely to clients
- Fluent English both verbal and written
- Self-motivated personality with excellent problem-solving skills, can-do attitude

## WE OFFER

- Permanent job with remote work opportunity
- Widespread training and development opportunities, language courses, soft-skill trainings
- Vast opportunities for self-development, unlimited access to LinkedIn Learning, GAL trainings
- Multilingual work environment
- Competitive salary and benefit packages (private health care, sportcard, fringe benefits)
- International projects, working in hybrid teams with high-skilled peers
- Sport and social teams support, advanced CSR programs
